

CHARLOTTE'S WEB

SPECIAL INFORMATION

Dear Parents (cast members),

Please take a moment to read this information before you continue with the audition process. The purpose of this document is to provide additional information to help you during the audition and production process. Some of this information is show specific and some addresses problems that the production staff has encountered during other shows. We think the following information is important and we want you to be aware of this information before you audition.

Please sign and date this document, acknowledging that you have read the information. We will put a copy of this document in your folder during the first week of rehearsals. Thank you!

1. We try to honor carpool and/or specific cast requests but sometimes it isn't possible to fulfill your requests.
2. Cast members who are participating in any other PYT programs must list all potential conflicts. This includes cast members who are participating in Theatre in the Park since those performances are on Friday night at 6:30.
3. Please look at your schedule closely and list your conflicts on the conflict calendar that is part of your audition packet. WE DO NOT ACCEPT LAST MINUTE PERFORMANCE CONFLICTS. DOUBLES ARE NOT ALLOWED TO SWITCH PERFORMANCES. WE DO NOT ACCEPT CONFLICTS DURING TECH WEEK OR PERFORMANCES.
4. It is your responsibility to make sure your child has the necessary costumes and dance shoes by the stated due dates. All participants must understand that they need to purchase their own dance shoes. Performance shoes may

be different than rehearsal shoes. If a child does not have proper footwear they may be asked to leave rehearsal and this will count as an unexcused absence. Jazz shoes, tap shoes and/or sneakers are required for rehearsals. Flip - flops and open toed shoes are not allowed. Please help them out by reading all of the handouts and going into the costume shop and asking questions. These people are volunteers and you can help them out by being well - informed and proactive!
